PRE-COLLEGE RESEARCH EXCELLENCE PROGRAMS

COMBINING THE EXCITEMENT OF COMPETITION
WITH CHALLENGES IN SCIENCE, INNOVATION,
AND BEYOND!

Pre-College Research Excellence Programs (PREP) are research-focused programs

for Tennessee middle and high school students geared to promote STEM disciplines. Participating in any of the PREP programs encourages students to pursue careers and a lifelong passion for STEM. Each program is hosted at the campus of the [University of Tennessee, Knoxville](#).

What we've been up to:

We are working diligently to plan the rest of 2022-2023! We encourage you all to check out updated websites and social media platforms. See our upcoming events below!

2022 ENGINEERS DAY

Join us at Tickle College on Thursday, October 27, 2022 for Engineering Day!

What is Engineers Day? Participants travel to UT or attend virtually to explore and learn about the various aspects of engineering through discussions, project demonstrations, and exhibits prepared by UT engineering student clubs and societies.

2023 SCIENCE OLYMPIAD: EVENT COORDINATORS NEEDED!

Interested in volunteering as an Event Coordinator and judging at the 2023 Science Olympiad?

The Tennessee State Science Olympiad (SciOly) is a one-day STEM competition that hosts the top 24 Division B (middle school) and Division C (high school) teams. Competition will be held at the UT Knoxville campus on a Saturday in April 2023, date TBA.

We are recruiting Event Coordinators (EC) to serve as judges at the 2023 SciOly Tournament. As an EC, you'd coordinate one of the 46 SciOly events. Depending on the event, ECs will either write and grade an exam or judge experiments and contraptions. This opportunity is best suited for STEM professionals, faculty, staff, and graduate students.
